

Alwesam Alazraq

Alwesam Alazraq Company Profile

Alwesam Alazraq

Who are we?

The year 2015 witnessed the launch of Alwesam Alazraq Company in the State of Kuwait, a limited liability company, and through its great ambitions and promising future vision; it is at the forefront of the leading companies in its field at the local and global level.

Our company specialized in providing project services and supplying primary and raw materials in the construction materials industries such as ceramics and cement, the implementation of projects based on unique expertise and a well-established professional culture is our thing.

In 2017 our first branch was opened in Iran as a main logistics Operations Centre to transport raw materials from various mines to Kuwait and then Iraq.

In 2020, we opened a branch in Dubai, the United Arab Emirates, as a starting point for other countries in the Gulf region.

We at Alwesam Alazraq Company- in all its branches - seek to seize the most feasible investment opportunities regarding our work field at the local and global level.

Our vision

Alwesam Alazraq

01

Create operational entities that provide transport, shipping and raw material supply services with the highest quality possible.

02

Competition in local, regional and global markets by studying customer requirements in the market.

03

Invent practical and effective solutions with regard to dealing with clients - individuals and partners - to ensure competition and excellence in the market.

04

Strong partnerships with sea lanes to provide transport services at competitive prices.

Our mission

To study market requirements sustainably, and to treat customers in a manner that meets their requirements and expectations by providing integrated and high-quality services with a view to building a strong partnership with our customers and ensuring that the interests of all parties are compatible.
